IMPORTANT INFORMATION

Specifications, information and products featured in this catalogue are subject to change. Contact us for up to date information.

Products displayed are not actual size and the logos used are for reference only to illustrate branding options. They are the property of their owners and represent no endorsement of this brochure or its content.

Product colours illustrated are matched as closely as the print process will allow and should be considered to be approximate. Actual product colours can also vary from shipment to shipment and this is beyond our control. Always ask to see a sample to ensure the product colour and the product itself are suitable for the intended purpose as we do not accept returns due to minor colour variations or the product being deemed unsuitable once it is delivered.

All lead times quoted are approximate and can be affected by various factors. Please ask for accurate delivery information when placing an order.

Eco Pen

104358

Environmentally-friendly retractable ball pen with a recycled cardboard barrel. It has a blue refill with 1000 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality.

Branding Options:
• Pad Print • Screen Print • Direct Digital

Eco Pen Highlighter

104360

Environmentally-friendly ball pen with a recycled cardboard barrel and a yellow highlighter. It has a blue refill with 700 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality.

Branding Options:
• Pad Print • Direct Digital

Choice Pen

116299

Retractable ball pen which is manufactured from a 50/50 blend of natural rice husk fibre and polypropylene. Rice husk is a waste product with little value and the agricultural industry often dispose of it by burning which creates air pollution. Using it to make Choice Pen reduces the amount of plastic used, accelerates its biodegradability and produces a trendy natural look. It has a black large volume refill with 1800 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality. Choice Pen can be presented in an optional cardboard sleeve.

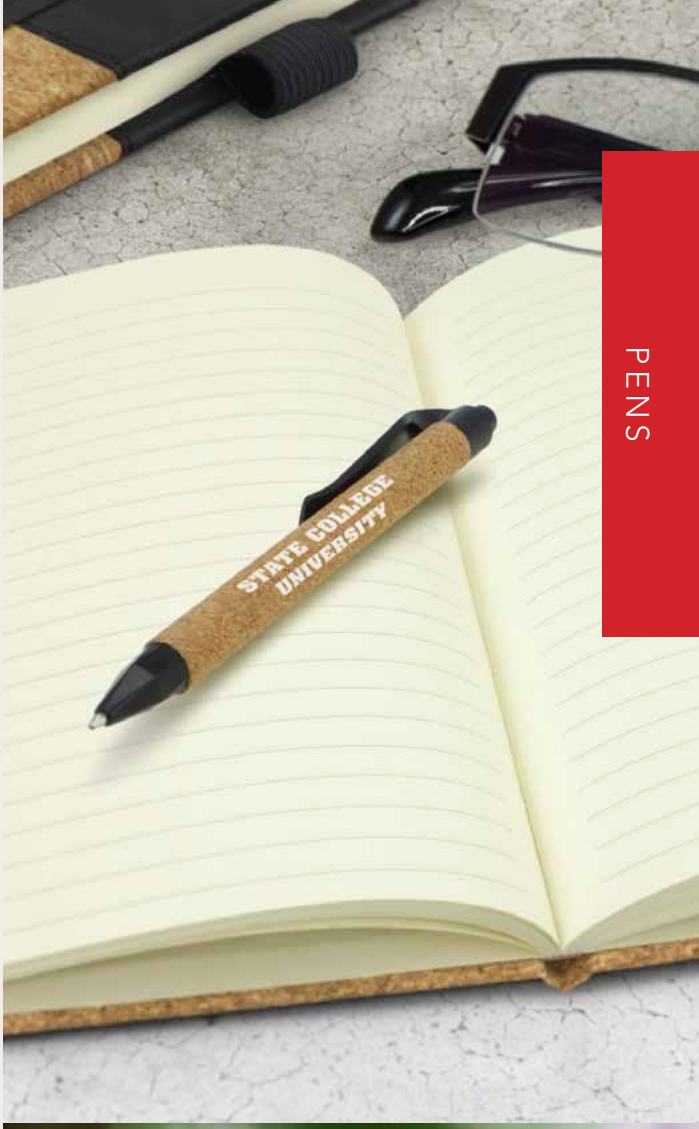
Branding Options:
• Pad Print • Screen Print • Direct Digital

Inca Pen

116301

Retractable ball pen with a natural cork barrel. It has a black refill with 1000 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality.

Branding Options:
• Laser Engraving • Direct Digital

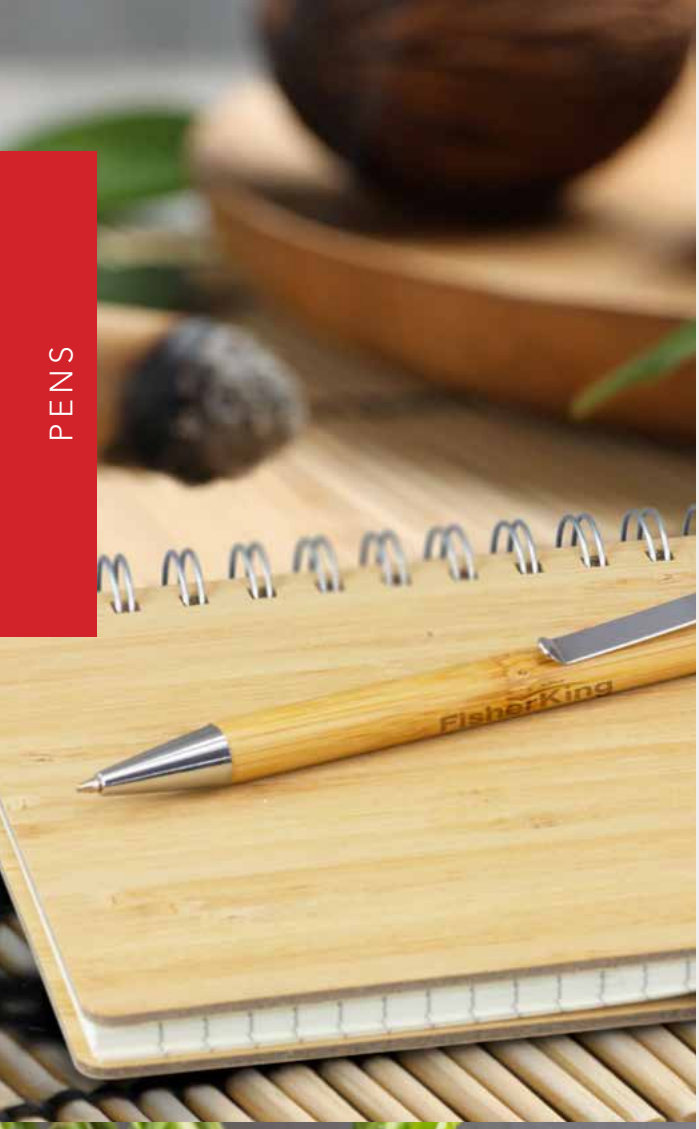


Habitat Pen

116298

Retractable ball pen with a bamboo barrel and a soft-touch grip. It has a blue refill with 1000 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality. Habitat laser engraves to a natural etch. Wood is a natural material which produces unavoidable variances in the grain pattern, colour and branding.

Branding Options:
• Pad Print • Laser Engraving

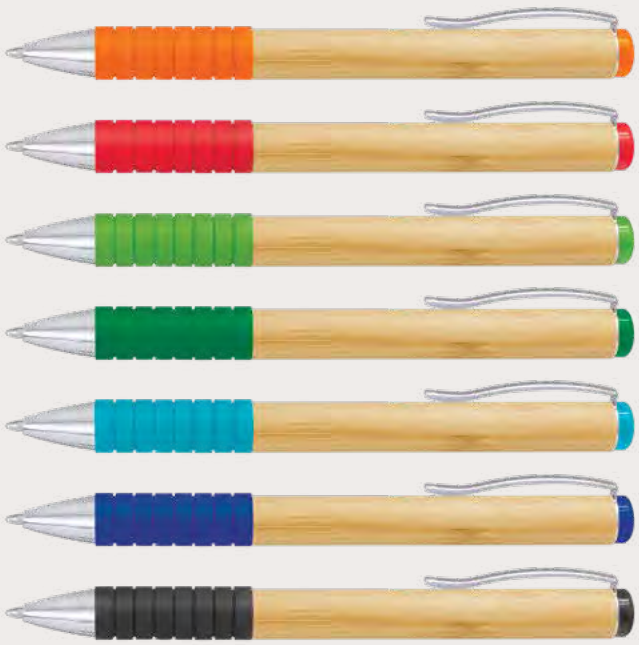


Ancona Bamboo Pen

116650

Retractable ball pen with a natural bamboo barrel and shiny chrome accents. It has a black large volume refill with 1800 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality. Ancona laser engraves to a natural etch. Bamboo is a natural material which produces unavoidable variances in the grain pattern, colour and branding.

Branding Options:
• Pad Print • Laser Engraving



Bamboo Twist Pen

116651

Twist action ball pen with a natural bamboo barrel, a soft touch grip and shiny chrome trim. It has a black refill with 300 metres of German manufactured Dokumental ink and a tungsten carbide ball for improved writing quality. Bamboo is a natural material which produces unavoidable variances in the grain pattern, colour and branding. It laser engraves to a natural etch.

Branding Options:
• Pad Print • Screen Print • Direct Digital • Laser Engraving

Blaze Flashlight Lantern

110503

A dual purpose flashlight which converts into a lantern. It has a handy metal handle and uses three AAA batteries which are included. Blaze laser engraves to an oxidised white colour.

Branding Options:
• Pad Print • Laser Engraving

Cadet Lantern

116562

Rechargeable lantern with six bright LEDs that is perfect to take camping, tramping, or in the car. It has dual charging options with a built-in solar panel and a fold out hand crank dynamo which will produce 30 minutes of light from one minute of winding. Other features include high and low light settings and a stainless steel carry handle. It is presented in a black box with an instruction leaflet.

Branding Options:
• Pad Print

Aurora COB Lantern

112193

Extremely bright lantern that is powered by three super bright light modules. Aurora uses radical COB (Chips on Board) technology which increases both the light intensity and the battery life. Simply pull the lantern open to operate and close to turn the light off. It has carry handles which fold away when not in use and it uses three AAA batteries which are included.

Branding Options:
• Pad Print

Aurora Lantern Bluetooth Speaker

116748

Robust lantern with three super bright light modules that are powered by AAA batteries. Aurora uses radical COB (Chips on Board) technology which increases both the light intensity and the battery life. It has a built-in 3W Bluetooth speaker which produces quality sound and has its own rechargeable battery. The lantern has carry handles which fold away when not in use and it pulls open to switch on and turns off when closed. Aurora is presented in a black box with a Micro-B USB cable, three AAA batteries and an instruction leaflet.

Branding Options:
• Pad Print

Avanza Lamp

112534

Compact personal multi-function lamp that folds away when not in use with the adjustable cable doubling as a handy loop for attaching it to a bag or hanging it up. Because of its portability it can used almost anywhere and is perfect for places where a good light source is not available. It has six powerful LEDs with two light intensity settings and it will also flash so it can be used as a safety or warning light. Avanza uses three AAA batteries which are included.

Branding Options:
• Pad Print • Direct Digital

Glare Magnetic COB Light

112386

Super bright light wand that has a magnet for attaching it to a fridge or other metal surfaces so it is always at hand. It uses radical COB (Chips on Board) technology which increases both the light intensity and the battery life. Glare uses three AAA batteries which are included.

Branding Options:
• Pad Print

Beacon COB Wall Light

112972

Powerful battery operated light for illuminating places that do not have lighting or a regular power supply. It has a strong adhesive pad on the back for securing it in place and is ideal for cupboards, wardrobes, outside sheds, huts, horse floats or any place that needs light. Beacon uses radical COB (Chips on Board) technology which increases both the light intensity and the battery life. It uses four AAA batteries which are included.

Branding Options:
• Pad Print

Magic Lamp

112378

Novel and interactive lamp with a retro design which has a unique sensor to activate the light. Blowing into the top of the lampshade turns the lamp on or off, and a dimmer dial adjusts the light intensity for mood lighting options. At full light intensity it can be used as a conventional lamp, and at the lowest light setting, the LED light will flicker to mimic soft candlelight. Magic Lamp has a non-marking base and uses three AA batteries which are included. It is presented in a black box with an instruction leaflet.

Branding Options:
• Pad Print

Lumen Light Bulb

112391

Battery operated LED light bulb with a long cord which is ideal for illuminating places that do not have a regular power supply. Simply hang it in place with the cord and pull down on the bulb to activate. It is perfect for cupboards, wardrobes, outside sheds, camping, horse floats or any place that needs light. Lumen uses three AAA batteries which are included.

Wrist Sweat Band

110510

Stretchy towelling wrist sweat band which is manufactured from 80% cotton, 12% elastic and 8% polyester. A production lead time of 20 working days applies to this product by air freight and larger orders can be sea freighted on request to reduce the freight cost.

Branding Options:
• Embroidery • Woven Badge

Active Cooling Sweat Band

112978

Futuristic lightweight head sweat band that uses cooling towel technology. It remains comfortable to wear even in the most demanding situations as well as providing a cooling effect when it is wet. Active has a unique dual layer construction that wicks moisture quickly from the inner layer to the outer layer where it rapidly evaporates. The inner layer is manufactured from soft moisture wicking polyester and the outer layer is a nylon/polyester blend. Nylon fibres completely repel water which evaporates much faster when it contacts them and will cool up to 15 degrees below the outdoor temperature in seconds. Active is presented in a waterproof resealable storage pouch with full instructions.

Branding Options:
• Sublimation Print

Head Sweat Band

110509

Stretchy towelling head sweat band which is manufactured from 80% cotton with 12% elastic and 8% polyester. A production lead time of 20 working days applies to this product by air freight and larger orders can be sea freighted on request to reduce the freight cost.

Yeti Premium Cooling Towel

110093 - Yeti Premium Cooling Towel - Pouch
110464 - Yeti Premium Cooling Towel - Full Colour - Pouch
113397 - Yeti Premium Cooling Towel - Tube
113398 - Yeti Premium Cooling Towel - Full Colour - Tube

Incredible towel which is manufactured from a 50/50 blend of nylon and polyester. Premium cooling towels have 50% nylon content and will cool faster than similar products made from 100% polyester or Dacron. Nylon fibres completely repel water which evaporates much faster when it contacts them. Yeti will cool up to 15 degrees below the outdoor temperature in seconds by harnessing the power of this rapid evaporation. To activate it, simply wet the towel, wring it out and snap it tight to remove excess water. It is worn around the neck or head and natural, chemical-free cooling will last as long as the towel remains wet. Yeti is ideal for use when playing sports, jogging, walking, biking, at the gym, working outdoors etc. It can also be used as a regular gym towel and is presented in a resealable storage pouch or an optional carabiner tube, both of which include full instructions.

Branding Options:
• Screen Print • Sublimation Print (white only) • Pad Print (Carabiner Tube)

Active Cooling Sports Towel

112971 - Active Cooling Sports Towel - Pouch
113177 - Active Cooling Sports Towel - Tube

Polyester cooling towel which can also be used as a handy sports or gym towel. It will cool up to 15 degrees below the outdoor temperature in seconds when wet. Simply wet, wring out and snap tight to remove the excess water. Cooling will last as long as the towel remains wet and it is a natural, chemical free reaction. The fabric is constructed to maximise the cooling power of rapid evaporation and the towel is worn around the neck or head to stay cooler for longer. Active is ideal for use when playing sports, jogging, walking, biking, at the gym, working outdoors etc. It is presented in a waterproof resealable storage pouch or an optional carabiner tube, both of which include full instructions.

Branding Options:
• Screen Print • Sublimation Print (white only) • Pad Print (Carabiner Tube)

Carabiner Tube

111936

Small presentation container with a screw on lid and a spring-loaded carabiner clip which is ideal for presenting a Yeti Premium Cooling Towel. The clip can be attached to a bag and when the tube is stored inside a bag it protects the contents when the towel is wet. It can also hold a polishing cloth and other small products like ear buds and confectionery etc.

Branding Options:
• Screen Print • Digital Transfer • Embroidery

Outdoor Wine Table

115961

Unique two person wine table which is manufactured from FSC approved acacia wood. It has a tough wood spike which screws into the table top and pushes into the ground; making it ideal for use in most outdoor situations including the beach. Both wine glasses are held securely by sliding the stems into the table and this leaves room for some snacks. It laser engraves to a natural etch and is presented flat packed in a matt black gift box. Wood is a natural material which produces unavoidable variances in the grain pattern, colour and branding.

Branding Options:
• Laser Engraving

Denver Picnic Blanket

112559

Smart 1800mm x 1300mm picnic blanket that folds into a compact unit which has a Velcro closure and a carry handle. It is manufactured from woven acrylic with a waterproof PEVA backing.

Karma Reusable Wrap

114098 - Karma Reusable Food Wrap
115228 - Karma Reusable Food Pouch
115227 - Karma Reusable Snack Pouch

National Geographic has estimated that eight million tonnes of plastic enters the oceans every year. We all need to help reduce or eliminate single-use plastic products as they are one of the biggest contributors to pollution on our planet. The Karma range of eco-friendly reusable food storage wraps are designed to protect sandwiches, buns, rolls, bagels, snacks etc. They eliminate the need for single-use plastic food wrap and ensure lunch boxes are waste-free. Karma has a hygienic food grade EVA liner which is waterproof and can easily be wiped clean or washed in a washing machine. A production lead time of 25 working days applies to these products by air freight and larger orders can be sea freighted on request to reduce the freight cost.

Branding Options:

Sherpa Headwear

110507

Extremely versatile multi-purpose garment which is manufactured from soft and stretchy high performance microfibre. It is wind resistant, breathable, wicks perspiration and is quick drying. Sherpa can be worn as either casual wear or in the outdoors where it offers protection from sun, wind, dust and insects in summer and keeps the neck and head warm in winter. It can be worn as a head band, beanie, pirate style cap, foulard, helmet liner, neck gaiter, balaclava, dust screen, scarf, hair band, scrunchie, bandana or wrist band. Sherpa is machine washable, doesn't need ironing and one size fits all. Each garment is presented in a polybag with instructions for use. A production lead time of 20 working days applies to this product by air freight and larger orders can be sea freighted on request to reduce the freight cost.
